### School Bursaries and Building Fund

We aim to make good quality education accessible to the broader Kenton community and to provide local children from all walks of life the opportunity to fulfil their unique potential. To make our school accessible to low income families, we have a bursary fund to provide fee discounts to parents. For those parents who are able, we would be delighted to receive donations towards this fund. The existing bursaries are funded from donations made to the school and it is with the generosity of donors that we can take children on this journey from our community.

In addition, through our families we would love to be able to engage with companies who wish to support Bushwillow school through corporate social investment programmes or any other fundraising ideas towards bursaries and developing our new classrooms.
